Maricopa Community Colleges

MARICOPA
COMMUNITY COLLEGES

Industry:

Public Sector & Defense

Technologies:

Customer

Maricopa Community Colleges consists of ten colleges, two skill centers, numerous education centers, and serves more than 260,000 students each year. They are dedicated to educational excellence and meeting the needs of businesses and the citizens of Maricopa County. Each college is individually accredited, yet part of a larger system - the Maricopa County Community College District, which is one of the biggest providers of higher education in the United States.

Challenge

Following a comprehensive investigation of security and vulnerability, the Maricopa County Community Colleges took steps to strengthen their security posture. As part of an effort to tighten security for their existing web sites, Maricopa County Community Colleges hired Eagle Creek to investigate, assess, and remediate their existing web sites; provide best practices and procedures for security-conscious web development; and to create new web sites using the Drupal CMS Platform.

Solution

Eagle Creek analyzed the Maricopa Community College security environment and developed a remediation plan that prioritized the various security risks. We implemented that plan and addressed those security issues. In addition, our team established a new ticket tracking system for support, optimized all web properties, redesigned existing web properties and built new Drupal websites. Eagle Creek continues to support and maintain these systems today.

Eagle Creek at a Glance

In 1999, Eagle Creek was founded to deliver a technology value proposition that positively impacts your business. We focus on customer-facing technologies – from CRM to App Dev to Mobility – helping our clients succeed in digital business.

We combine on-site expertise with our offsite (but onshore) consultants based in our four technology centers in the upper Midwest.

Through this model, we help you reduce your backlogs while optimizing your IT budget. Achieving this consistent and sustainable way to provision digital consulting capabilities to you has meant investing in America, where Eagle Creek has become the leader in U.S. Onshoring.

Eagle Creek is now an Eviden business.
