

United Bankers Bank

First for Your Success™

Industry:

Financial Services

Technologies:

Customer

United Bankers Bank is the nation's first Banker's Bank and has grown into one of the largest correspondent banks in the United States. Its mission is to level the competitive playing field by providing community banks with a full range of innovative and secure correspondent services. United Bankers Bank currently serves more than 800 customer banks across 12 states including Minnesota, Iowa, Michigan, North & South Dakota, Nebraska, Montana, Wyoming, Idaho, Washington, Oregon, and Illinois.

Challenge

To properly equip community banks, United Bankers Bank determined they needed to make significant technology investments. One of the key technology initiatives was the development of a unified framework with specific applications for United Bankers Bank's customers. The application framework would be used across the entire system to manage users and applications within the bank's environment. Initial applications included credit card merchant account billing and merchant services.

Solution

Eagle Creek was selected to do the full life cycle development of the application framework and application modules. We provided the technological expertise, ease of engagement, and versatility required for the project in addition to supporting the client's development cost. Our expertise in Agile enabled United Bankers Bank to get fully functional products to market quickly so that they could make good on their commitments to the community banks they serve.

Eagle Creek at a Glance

In 1999, Eagle Creek was founded to deliver a technology value proposition that positively impacts your business. We focus on customer-facing technologies – from CRM to App Dev to Mobility – helping our clients succeed in digital business.

We combine on-site expertise with our offsite (but onshore) consultants based in our four technology centers in the upper Midwest.

Through this model, we help you reduce your backlogs while optimizing your IT budget. Achieving this consistent and sustainable way to provision digital consulting capabilities to you has meant investing in America, where Eagle Creek has become the leader in U.S. Onshoring.

Since December 15, 2020, Eagle Creek is part of Atos.
