Customer

Founded in 1958, American Century Investments is one of the leading, privately-held asset management firms in the United States. It serves investment professionals, institutions, corporations, and individual investors, as well as provides investment options in equity, retirement plans, and fixed-income & money market securities.

Challenge

American Century Investments was experiencing challenges in locating, hiring, and retaining staff. There were similar issues with the use of staff augmentation and contracting companies.

Solution

American Century Investments engaged Eagle Creek to support a variety of customer-facing technology needs including Salesforce, Information Management, web app development as well as quality assurance planning and testing. Eagle Creek provided expertise in end-to-end coverage across those various technologies.

Eagle Creek at a Glance

In 1999, Eagle Creek was founded to deliver a technology value proposition that positively impacts your business. We focus on customer-facing technologies – from CRM to App Dev to Mobility – helping our clients succeed in digital business.

We combine on-site expertise with our offsite (but onshore) consultants based in our four technology centers in the upper Midwest.

Through this model, we help you reduce your backlogs while optimizing your IT budget. Achieving this consistent and sustainable way to provision digital consulting capabilities to you has meant investing in America, where Eagle Creek has become the leader in U.S. Onshoring.

Eagle Creek is now an Eviden business.
